## Our Emergency Crisis Services

*Your Health Is Our Priority*

# Emergency Crisis Evaluation Services

When you are in an emotional or mental health crisis, you can either call or stop by our Crisis Services facility. Health Solutions also operates mobile evaluation services for those unable to access our offices. You will be evaluated by one of our clinicians who will determine the level of care most appropriate for you. If inpatient, acute care, or 23-hour observation services are indicated, our treatment team of psychiatrists, nurses, clinicians, behavioral healthcare coordinators, and care managers will then help you work through your stressors. Our mobile clinicians can also complete evaluations in hospital emergency rooms and other community settings. These evaluation services will assist you in deciding the best way to manage your situation and help you access appropriate treatment.

Individuals do not need an appointment to have an emergency evaluation completed. Since Health Solutions is open 24-hours per day, 7 days per week, 365 days per year, individuals in an emotional or mental health crisis can receive services whenever needed. Evaluations are provided for individuals of all ages.

Youths aged 15 years or older can be seen without a parent's consent, per Colorado State law. Any individual who is intoxicated or under the influence of alcohol or other substances may need to go through detox.

Our skilled clinicians can help with the referral to detox services.

Upon completing the assessment, the evaluator will work with the client and family to determine appropriate care that will result in the client successfully achieving their wellness goals.

Health Solutions Crisis Services is located at 1310 Chinook Lane. It is a calm and safe environment for adults experiencing situational, emotional or mental health crises.

When you or a family member have significant feelings of fear, depression, anxiety, anger, self-doubts, or thoughts of harming yourself or others – help is available. Do not delay; get assistance for you or your loved one now at Health Solutions.
